Modern Korean Fine Dining

Si•Wha•Dam will present you with the finest dining experience, original tastes and flavors that you have never experienced before. Such unique Korean dishes from Si•Wha•Dam are served in artistic bowls and plates created by Korea's most renowned potters. Some of the bowls that you will see in Si•Wha•Dam were made during the ancient Joseon Dynasty.

Located at the skirt of Nam-san, Si•Wha•Dam's urban building harmoniously blends tradition with the modern, and is the crossroads for Asia and the western world. You will also appreciate authentic antiques with futuristic folk paintings, earthenware and ceramics exhibited at the Si•Wha•Dam, just as you do in an art gallery.

You may enjoy Korean fusion music performances and media art works that capture your eyes and ears and sound in your heart.
